Purebred, sweet Chihuahua puppies: Purebred, sweet Chihuahua puppies looking for a place to cuddle for life. Both parents have a family tree pedigree. The little "rascal" was vaccinated at birth and dewormed several times. After his vaccination, he will receive a chip, an EU vaccination certificate and a health certificate from the vet. Of course the dwarf gets his food, his toys and his cuddly blanket. The dog is very open-minded and gets to know all the noises and other dogs. You are welcome to write us an email
