Address: **1585 Beverly CT, Unit 121, Aurora, IL 60502, Aurora**

Price: **Check with seller**

JK Smart Active Balance BMS Board 7S-20S 80A 0.6A Balance current with UART/RS485:
Main information about this BMS:

This JK bms is especially used for 8S to 16S Smart fixed configuration .For most important that it can also be used for any other lithium technologies like LiFePo4, Li-ion, LiPo and Lithium Metal by changing the internal parameters after connecting to Bluetooth App.

It also integrates advanced active voltage balancing to monitor the voltage of each battery cell in real-time and improve the battery life through active balancing management. Although the product provides the intelligent battery protection solutions.

Accordingly the JK bms management system provides a wide range of features, including voltage collection, active large current balancing, overcharge, overcurrent, over-temperature protection, Coulomb meter, Bluetooth connectivity ,GPS remote etc.

Generally the Active Balancer BMS features a compatible mobile app that works with iOS and Android versions with higher Bluetooth connectivity, allowing you to operate the charging and discharging switches, check the battery's operational state, and make
