STS Industrial: Serving National accounts with regional hubs across Texas, Louisiana, and the Detroit/Michigan corridor, STS Industrial keeps critical operations on schedule with dependable supply, clear communication, and responsive service. We stock a comprehensive range of fasteners, including hex and cap varieties, socket-drive options, locking and coupling hardware, flat and load-indicating washers, carriage and plow styles, lag types, lifting eyes, U-shaped hardware, anchor hardware, and grating and specialty fasteners. Our gasket line covers spiral wound, ring joint, full-face, metal-core, and custom-fabricated designs for demanding sealing environments. In piping, we provide elbows, tees, reducers, bushings, couplings, unions, caps, plugs, olets, and a wide selection of flanges by class, size, and material. For support and structural needs, count on pipe clamps, clevis hangers, beam clamps, rod supports, attachments, and custom-fabricated systems. Cutting tools include drill bits, concrete bits, hole and annular cutters, taps, dies, reamers, and thread repair and fastener removal kits. Our custom manufacturing covers unique fasteners, specialty supports, threading, cutting, machining, and protective finishes. When projects demand industrial bolts and strict compliance, STS Industrial delivers with traceability and accuracy.
