Smith Mechanical: From homes to busy commercial kitchens, Smith Mechanical keeps indoor environments comfortable, reliable, and efficient throughout Ferndale, Washington. Our technicians handle the full spectrum of heating and cooling needs, from precise furnace repair and installation to ductless heat pumps, ducted heat pumps, and air conditioner systems tailored to your space. We support boilers, thermostat and building management systems, and air quality and filtration equipment to help you breathe easier. For businesses, we service commercial refrigeration, including large refrigeration systems, compressor rack systems, walk-in freezers and coolers, freezer and cooler cases, chillers, and commercial ice machines. Our team also maintains food and beverage equipment and hot side equipment to keep service flowing. Ventilation and kitchen ventilation & exhaust systems are designed and tuned for dependable performance. Whether you need a speedy fix or proactive hvac maintenance, we focus on clear communication and dependable scheduling so downtime stays minimal and comfort stays steady. Count on craftsmanship, careful troubleshooting, and solutions that make sense for your property.
