Emailed Checks: Send professional payments without printers, postage, or delays. Emailed Checks helps businesses move money quickly and securely by delivering a check to any inbox, so your vendors, contractors, employees, and partners get paid without the hassle of paper mail. Issue payments from your desk or on the go, attach remittance details, and add clear memos so recipients know exactly what the payment is for. Track delivery, open status, and completion in a clean dashboard, giving your team confidence and accountability at every step. Build simple approval flows, customize your check layout for a polished look, and maintain audit-ready records for every transaction. If an address changes, resend instantly without waiting on couriers. From one-off payouts to high-volume runs, our streamlined process supports consistent, professional disbursements. Designed for clarity and control, our platform puts you in charge of timing, documentation, and visibility while leveraging the convenience of echecks. Choose Emailed Checks to simplify payments and keep business moving.
