Key Features of the Floor Model CNC Tool Cart

1. Pegboard for Efficient Organization

The Floor Model CNC Tool Cart is equipped with a built-in pegboard that transforms your workspace by organizing essential tools in one convenient place. Pegboards provide a versatile and customizable storage solution, with holes to accommodate hooks, clips, and bins for accessories. Here's why the pegboard is essential for any machining operation:

Quick Access to Tools: The pegboard allows for easy organization of small tools, accessories, and components. Machinists can arrange tools based on frequency of use,
