Address: **418 Broadway, Albany, NY, 11305, 418 Broadway, Albany**

Price: **Check with seller**

Unity Cloud Box: Unity Cloud Box is a cloud-based business management platform designed to help organizations streamline internal workflows, automate HR processes, manage service requests, and improve team collaboration from a single unified dashboard. It combines features such as workflow automation, IT service management (ITSM), HR onboarding and employee lifecycle management, approval workflows, and project & task management into one centralized system. By replacing fragmented tools like email, spreadsheets, and multiple software platforms, Unity Cloud Box enables businesses to improve operational efficiency, increase visibility, and simplify day-to-day business operations across HR, IT, and operations teams.
